RE: Letter of Recommendation

To Whom It May Concern:

I would like to extend this letter of recommendation in respect to the services provided by Diversified Electric for electrical, low-voltage and security surveillance systems. Diversified has done work for Brevard Public Schools for about 10 years. Most recently they installed all cabling, electric, cameras for Melbourne High School's security surveillance system. Diversified's performance excelled in all categories, including customer contact, safety, schedule, cleanliness, supervision, workmanship, attention to detail and price.

Diversified's performance to date continues to live up to the high standards we set for our contractors. Their performance also has been used as a basis or model standard by which we judge other contractors.

Based on the above I would highly recommend Diversified on any project requiring electrical, low-voltage, and installation of security surveillance systems and services. Please contact me directly at (321) 633-1000 x760 if you should require more information.

Sincerely,

Tom Fitzgerald
District Technology Coordinator, Brevard Public Schools

Stephen B. Muzzy, Assistant Superintendent
